Summary:

The transition from school to adult life is an exciting but often perplexing process. *Future Directions* is specially designed to support anyone involved in guiding young people through this critical time. It is clearly set out as a series of discussion sessions, each one focusing on a different topic. Sessions include interactive exercises to help develop practical skills and strategies that build emotional intelligence.

Key selling points:

- Designed for teachers to guide young people through the period of transition from childhood to adult.
- Introduces, stage by stage, the life skills that are essential to future success.
- Each chapter introduces a topic and sets out plans for several sessions, each with enjoyable and challenging interactive exercises.
- Builds on developing self-knowledge, communication skills, making choices, managing stress, starting work and gaining confidence.
