Code: NM2126
RRP: \$24.95
Format: 180x255
Age Range: Middle Years
Category: Professional Development
Subject: Bullying

Summary:

Young adolescents, steeped in popular culture, take their cues from stars, athletes and socialites who curse their adversaries and behave badly in public. In this excellent book by two experts on young adolescent behaviour, middle school educators will find solutions to cliques and bullying. Giannetti and Sagarese tell us how cliques and bullies operate, where they come from and how they flourish. They also show the critical role of each teacher in building a “class-less” environment and developing life skills that afford their students a kinder, happier future. Cliques and Bullies should be required reading for every middle years educator.
