**Category:** Professional Development  
**Subject:** Middle Years

## Summary:

Play hard, play smart and play together! Prepare for the start of the school year with eighteen slightly off-kilter activities in this book written by Jan Burgess, a former middle years principal. Each year Jan used some of these activities with her faculty and staff to get them ready and help them focus on the vision and mission of their school for that year. This well organised book is useful any time of the year to initiate meaningful professional development experiences.
