## Summary

This lively book's title makes the perfect motto for young scientists: *Look and See!* With the help of charming text and bright pictures, you learn just how much you can use your sense of sight. Toys and tools, birds and bugs, flowers and fish, and alligators and apple trees all invite you to look carefully. Soon you'll be comparing objects around you and looking for patterns. Before you know it, you'll be gazing beyond this delightful book to see more details in the world around you.

*Look and See* is part of the *I Wonder Why* book series, written to ignite the curiosity of children in Years F-3 while encouraging them to become avid readers. These books explore the marvels of the senses of sight, hearing, smell and related phenomena. Included in each volume is a Parent/Teacher Handbook with coordinating activities. The *I Wonder Why* series is written by award-winning science educators.
