## Summary

Since the debut of the *Picture-Perfect Science* books and workshops more than 10 years ago, authors Emily Morgan and Karen Ansberry have learned one thing for certain: primary school teachers are constantly clamouring for even more ways to engage children in reading and science through picture books! To meet that demand, the 15 all-new lessons in *Even More Picture-Perfect Science Lessons* bring you:

- Even more convenience – Cover reading and science content simultaneously and save time with ready-to-use student pages and assessments.
- Even more confidence in your own expertise – Get relevant science concepts and reading comprehension strategies to keep your teaching on track.
- Even more ways to entice reading-phobic children and reluctant scientists – Make students yearn to learn science with such captivating fiction and nonfiction picture books as *Houdini the Amazing Caterpillar*; *Captain Kidd’s Crew Experiments With Sinking and Floating*; and *The Boy Who Harnessed the Wind*.

*Even More Picture-Perfect Science Lessons* delivers the whole package: teacher-friendly lessons, strong curriculum-based science content and a kid-magnet formula that will get your students engrossed in science while they improve their reading skills.
