Summary

This lively book proves that an animal can do all kinds of things! The book encourages children to notice the characteristics and behaviour of a world of different creatures – from gnawing, swimming beavers to spinning, climbing spiders to hopping, baby-toting kangaroos.

What Can an Animal Do? is a lively introduction to observing, comparing and describing – all things budding scientists can do too.

What Can an Animal Do? is part of the *I Wonder Why* book series, written to ignite the curiosity of children in years F–6 while encouraging them to become avid readers. These books explore the marvels of animals, plants and other phenomena related to science and nature.

Included in each volume is a Parent/Teacher Handbook with coordinating activities. The *I Wonder Why* series is written by award-winning science educators.
