Chapter 3

Gaby's Plan

The Wags gathered around Gaby and listened to her plan.

'Tom, you keep watching. Even at night when you're in bed. Abe, you do the same. But we need to hear what's going on in the unit too. We need to listen at the door'.

'I don't want to do that', said Abe. He took a couple of steps back from the group.

Gaby's Plan

Tom and Gaby didn't want to be noticed. So they used the stairs instead of the lift.

They climbed to the third floor. They walked very slowly. They tiptoed down the hall. Tom and Gaby stopped in front of unit 13. They looked around. Nobody was coming.

They pulled the glasses from under their jackets. They put the glasses up to the door. Each of them put an ear against the bottom of their glass.

Then they heard it!

Tom and Gaby looked at each other. Their mouths dropped open. And their eyes got bigger.
