FOR THE STUDENT

Your **QUICK-WORD™ Handbook** contains 1,199 high-use writing words. In addition, space is provided for you to list your own personal writing words. Words listed with an asterisk are homophones. Homophones are words that have the same sound but are spelt differently (blue/blew). A special section has been set aside in the back of your handbook for common homophones, abbreviations, states, countries, months, days and numbers.

A selection of language activities is included. These could be used by your **teacher** for the whole class or by you as end-of-session activities, spare moment activities or lesson starters. Just choose an activity, then choose a specific page if necessary, set a time limit and off you go!

The **QUICK-WORD™ Handbook** was especially prepared for everyday writers by Rebecca Sitton and Robert Forest.
