Bones For Bongo

A Trail Game

For Two to Four Players

Materials

crayons, markers, scissors, glue, file folder, envelope, tape

Assembly

Game Board: Reproduce, color, and cut out the cover and game board patterns. Matching in the center, glue the game board patterns to the inside of a folder. Glue the cover to the front of the folder, then laminate. Tape an envelope to the back of the game board folder to store pawns and game cards.

Pawns: Reproduce, color, laminate, and cut out a set of pawns. Store the pawns in the envelope on the back of the folder.

Game Cards: Reproduce, color, laminate, then cut apart two sets of the number set or number word game cards. Option: Reproduce, color, and glue each page of cards to the back of a sheet of gift wrap, then laminate, and cut apart the cards. Store the game cards in the envelope on the back of the game board folder.

How to Play

Set up the game board and cards on a table. Each player chooses a pawn. Then one player shuffles and places the deck of cards, face down, on the table. Each player, in turn, draws a card and moves his or her pawn to the next matching space on the game board. Drawn cards are placed, face down, in a discard pile. Play continues until each player reaches the dog bowl at The End. When all the cards have been drawn, reshuffle the discard pile and continue playing.
