# INTRODUCTION

**Crossword Puzzles** provides reproducible puzzles to challenge primary students as they strengthen a number of important skills, including:

- Reading
- Vocabulary
- Word Knowledge
- Spelling
- Word Meaning
- Creative Thinking

These fun-filled crossword puzzles are designed to meet the differing instructional needs of a variety of students. Since some of the puzzles are easier and others more advanced, you will want to use the ones that best meet the needs and skill levels of the students in your classroom. To help you, we have organized the puzzles according to their level of difficulty. For puzzles on pages 24-26, students may wish to refer to a dictionary or an encyclopedia.

To make “puzzling” even more fun for students, you will find puzzles for maths, language arts, geography, social studies, and more. These engaging activities are perfect for individual work, for homework, for supplementing your curriculum, for enhancing your learning centre, and for adding enthusiasm and excitement to your classroom all through the year!
