

**Self assessment
is easy when
you can see
what you are thinking**

**Formative assessment
is easier when we
get what is
inside our head, out**

**Visual tools make
the internal
act of
meaning-making
explicit**

**Visual tools transform
thinking from being
abstract and invisible into
concrete and visible**

**you can't get inside someone's
head but you can
get what's inside ... out**
