Working on it!

Almost there!

You're an achiever!

## Self-confidence

I know I'll just be a failure so I don't even try.

I think I have some strengths, and I try, not to get discouraged when I fail at something.

I learn from my failures. My teachers, parents and friends have confidence in me.

I know I will do well in anything I try. I look forward to learning from my mistakes and I never give up.

## Goal setting

I don't set any goals. I hope I'll be lucky and win the lottery one day.

I set goals for the week in at least one subject.

I have short-term and long-term goals and check regularly to see how I'm doing.

I set goals regularly and have a plan for meeting my goals. I plan backwards for short- and long-term goals.

## Motivation

I don't care what happens to me at school or in the rest of my life.

I'm interested in learning a few things. I have to be motivated by others to get my work done.

I try very hard even when things are difficult. My friends, teachers and family encourage me. Sometimes I'm a bit lazy.

I have lots of interests and am excited about learning. I put in the most effort when the task is difficult.

## Organisational skills

I am totally disorganised. I can't remember my assignments and I lose everything.

Sometimes I write down my assignments and I get most things done although I procrastinate a lot.

I am organised and get all my homework done, but never have time to do things I enjoy.

My schoolwork, homework and life outside of school are in order. I plan long-range assignments and have time for having fun, too.

## Study skills

I never study and really don't know how to begin.

Sometimes I study, but it's almost always at the last minute.

I get all my homework done. I know how to do a research assignment and how to memorise things for a test.

I have excellent study skills. I know how to research, take notes and memorise new information. I am always prepared for tests
