Craft Fun		Answers .....	between pages 34 and 35
Marshmallow Castle .....	35		
Edible Jewellery .....	36		

# Introduction

***Challenge Your Child*** is designed to provide a wide range of fun learning experiences for your youngster. Varied formats tap into all levels of cognition, from basic knowledge to more complex abilities such as comprehension, application, analysis, synthesis and evaluation. Encourage your child to think on all these levels by recalling, applying, organising and assessing learned material.

Take an active role in your child's learning. Guide your child through the activities in this book, focusing on those that are best suited to him or her. Nonreaders may need help with directions in order to complete some activities. Use the activities as a springboard for further investigations. The level of interest you show will serve to increase your child's motivation.

You will see an important icon in this book that appears on pages that require adult permission, supervision or assistance. Make sure your child understands the importance of asking for help to complete these activities.

The answers to activities, which are easily removable, are provided at the centre of this book for easy self-checking.

# Ladybird Hunt

Find the hidden  s. Colour them red or orange.

How many  s? \_\_\_\_\_

# What's Wrong?

**Circle ten things wrong with this picture.**
