Answersbetween pages 34 and 35

Introduction

Challenge Your Child is designed to provide a wide range of fun learning experiences for your youngster. Varied formats tap into all levels of cognition, from basic knowledge to more complex abilities such as comprehension, application, analysis, synthesis and evaluation. Encourage your child to think on all these levels by recalling, applying, organising and assessing learned material.

Take an active role in your child's learning. Guide your child through the activities in this book, focusing on those that are best suited to him or her. Nonreaders may need help with directions in order to complete some activities. Use the activities as a springboard for further investigations. The level of interest you show will serve to increase your child's motivation.

You will see an important icon in this book that appears on pages that require adult permission, supervision or other assistance. Make sure your child understands the importance of asking for help to complete these activities.

The answers to activities, which are easily removable, are provided at the centre of this book for easy self-checking.

Birdwatching

Find the fifteen different birds hidden in the picture. Colour in each bird as you find it.

Just for Fun: Match these bird names with the birds in the picture.

- | | | |
|-------------------|----------------|----------------|
| 1. pelican | 6. peacock | 11. cardinal |
| 2. toucan | 7. hummingbird | 12. goose |
| 3. swan | 8. stork | 13. bald eagle |
| 4. duck | 9. penguin | 14. flamingo |
| 5. chaparral cock | 10. ostrich | 15. owl |

What's Wrong?

Circle ten things that are wrong with this picture.

Matching Keys

Colour the six pairs of matching keys the same colour. Circle the key that does not have a match.
