RRP:	\$24.95
Format:	210 x 290 mm
Extent:	150 pgs
Age range:	High School – Year 7 to 10
Category:	Maths, Problem Solving

Summary:

'Not more homework! Why do we have to do this?'

How many times have you heard the complaints? Are you sick of students moaning about homework? With *Stretch, Bend and Boggle*, students will do their homework for fun! *Stretch, Bend and Boggle* is a collection of logic and mathematical problems to develop thinking skills. 'Stretchers' are designed to be quickly stated, to have relatively straightforward answers and often to allow further investigation. 'Benders' will take longer and are very suitable for problem-solving by a group. 'Bogglers' are longer still and often harder even though they require no more mathematical knowledge. Set in a handy week-by-week format, these challenging and fun activities can be used as homework, extensions, or class work.

Ideal to extend advanced lower-secondary students, or to help middle-secondary students develop their problem-solving skills, *Stretch, Bend and Boggle* will engage students and get rid of the homework blues!

Key selling points:

- High interest activities that middle year students can relate to.
- Weekly program to keep students progressing.
- Special activities to be completed during each holiday break.
- Extension activities for gifted students.

Supporting resources:

- *180 Mind-Stretching Maths Problems – Book 1* (ID7422)
- *180 Mind-Stretching Maths Problems – Book 2* (ID7423)
- *180 Mind-Stretching Maths Problems – Book 3* (ID7424)
- *Daily Problems and Weekly Puzzlers* (ID7425)
- *A Book of Brainteasers* (4396)
