RRP: \$39.95
Format/Page No.: B5, 176 pages
Year Level: Teachers and Administrators
Focus Area: Professional Development,
School Improvement
Key Learning Area: Cross-Curricular,
Technologies

Summary

With the advent of modern technologies and the rise of participatory and active learning pedagogy, the traditional school library model is no longer as effective as it once was.

Reimagining Library Spaces helps librarians rethink the library space, including the changing role of technology, showing ways to transform how students learn in and use these spaces.

Find the guidance you need to make smart and efficient updates to your library space that encourage the use of technology to improve student learning.

This book includes:

- tips and strategies for transforming your outdated library space on a small budget
- how-tos for addressing the challenges and opportunities brought about by the changing role of technology, including collaborative learning labs, makerspaces and ways to support BYOD
- practical suggestions for finding ideas to improve your space, inventory your library and survey your community.
