Summary

Your little ones will love these energising learning games! Students each get a mix-n-match card related to the topic. They move about the room quizzing each other and trading mix-n-match cards. You call, 'Freeze!' They then rush to find a partner with the matching card. 'What letter do I begin with?' 'What number am I?' Students enjoy mixing and matching so much, they hardly realise they are repeatedly quizzing each other and mastering the content.

Mix-n-match: Primary includes reproducible mix-n-match card sets for: addition, animals, beginning consonants and vowels, community helpers, food, less than, greater than, letters, numbers and dots, ordinal numbers, shapes, the missing letter and transportation.
