

From Curiosity to Deep Learning: Personal Digital Inquiry in Grades K–5

Author(s): Julie Coiro, Elizabeth Dobler and Karen Pelekis

Date Available:	December 2019
ISBN:	978 1 76056 902 0
Code/SKU:	SHP9020
RRP:	\$49.95
Format/Page No.:	A4, 254 pages
Year Level:	Teachers and Administrators
Focus Area:	Classroom Practice and Direct Instruction
Key Learning Area:	Cross-Curricular, Technologies

Summary

From Curiosity to Deep Learning: Personal Digital Inquiry in Grades K–5 reveals the powerful learning that results when you integrate purposeful technology into a classroom culture that values curiosity and deep learning. The centrepiece of this practical guide is Personal Digital Inquiry (PDI), a framework developed by Julie Coiro and implemented in classrooms by her co-authors, Elizabeth Dobler and Karen Pelekis. Clear, detailed examples offer ideas for teachers and school librarians to support their teaching.

Personal emphasises the significance of the personal relationship between teachers and students, and the role that students have in the learning process.

Digital reflects the important role that digital texts and tools have come to play in both learning and teaching with inquiry.

Inquiry lies at the core of PDI, because learners grow and change with opportunities to identify problems, generate personal wonderings and engage in collaborative dialogue, making learning relevant and lasting.

From Curiosity to Deep Learning: Personal Digital Inquiry in Grades K–5 shows you how to integrate inquiry with a range of digital tools and resources that will create a dynamic classroom for both you and your students.
