Summary

The Unstoppable Learning model includes seven elements: (1) planning, (2) launching, (3) consolidating, (4) assessing, (5) adapting, (6) managing, and (7) leading. This user-friendly resource focuses on the assessing element, giving readers crucial protocols and activities for collectively reworking their assessment systems. By implementing the step-by-step actions shared by the authors, educators can prepare themselves and their students to thrive in 21st century classrooms and beyond.

- Reflect on the collaborative nature of your learning organization and what elements of it are within your control.
- Consider questions to focus your work on generating high levels of student achievement.
- Complete activities with teammates to discuss how to better promote productive systems thinking using the book's strategies.
- Gain guidance for leaders, as well as for teams, to embed evidence-based practices throughout the organization.
- Access protocols for effective team discussions.
