Author: Harvey Silver

**Date Available:** 3 April 2012  
**ISBN:** 978 1 74330 063 3  
**Code:** TC0633  
**RRP:** \$24.95  
**Format:** SupaPak  
**Age Group:** P-12  
**Learning Area:** All learning areas  
**Category:** Activities and Exercises;  
Assessment; Curriculum

## Summary:

From the Thoughtful Classroom Portfolio Series comes a powerful new resource on instructional design that will help teachers engage students in meaningful learning by implementing strategic units in the classroom. Instructional design requires educators to determine the current state and needs of students in their classrooms, defining the end goal of instruction and creating some intervention to assist in the transition to effectively acquiring knowledge.

*Classroom Curriculum Design* is a collaborative resource that delves into the research behind effective lessons and units, followed by five separate tutorials on instructional design and how to implement it into your classroom. Over these five sessions, educators will learn how to identify your purpose; design your essential questions; establish your assessment design; arrange your learning activities on a unit blueprint; and stop to review and refine your unit to ensure the best outcome for your students.

This kit includes a kit folder, resource guide, workcard, poster and resource CD that has digital versions of design plans and example assessment tasks.

## Supporting Resources:

- The Thoughtful Classroom Portfolio Series: From Note Taking to Notemaking* (TC0657)
- The Thoughtful Classroom Portfolio Series: Questioning Styles and Strategies* (TC0640)
- The Thoughtful Classroom Portfolio Series: Word Works: Cracking Vocabulary's CODE* (TC0589)
