Summary:

Writing Workshop is designed for busy teachers in the middle years who are seeking a comprehensive resource for teaching the writing process. This book provides the student and the teacher with all the tools necessary for a complete writing curriculum. Completion of this book will provide the student with a rich background of writing mechanics, grammar, organisation, voice, the writing process and all areas of writing. Select the activities that best meet the needs of your students.

This book includes:

- persuasive, expository, narrative and poetry writing lessons
- student samples
- writing rubrics
- graphic organisers
- language use and convention lessons
- writing process lessons
- assessment checklist
- daily writing exercises
- homework suggestions
- portfolio instructions
- bulletin board ideas
- writing enrichment activities
